***Continued Examination Under 37 CFR 1.114***

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 12/12/06 has been entered.

***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 18-23 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In claim 18, line 23, the term "the hydrophilic film" lacks proper antecedent basis. The dependent claims fail to cure the indefiniteness of the base claim, and are therefore also rejected.

***Response to Amendment***

The rejection of the claims under 35 U.S.C. 103(a) as being unpatentable over JP 4-287922 in view of Taniyama et al (US 6,096,233) is withdrawn in view of applicant's remarks. Applicant's point is well taken that Taniyama does not teach or suggest a constant relative positional relationship between the chemical-liquid supplying position and the rinse-liquid supplying position, as in the context of claim 18.

---

The objection to the specification is also withdrawn in view of the claim amendments relating to the terms hydrophilic and hydrophobic.
